REPORTS ON MACEDONIAN PLAN FULFILLMENT

At a recent session of the People's Skupstina of Macedonia, Vice-Premier Borko Temelkovski stated that the planned Macedonian investments in 1951, excluding the cooperative sector, will amount to 2,779,000,000 dinars, which is 132 percent more than the actual investments in 1950. Including the cooperative sector, the total investments in 1951 will be 3,139,000,000 dinars.

The 1950 plan for the governmental purchasing of tobacco was fulfilled only 44.5 percent, turnover of goods 99.9 percent, guaranteed supply 102 percent, commerce at fixed prices 79.3 percent and free sale 107.1 percent, industry of republic significance 105.6 percent of the reduced plan, coal production 55 percent, metal industry 93 percent, building industry 83 percent, power production 102 percent, chemical industry 101 percent, textile industry 102 percent, lumber industry 113 percent, leather industry 113 percent, and non-metal industry 115 percent. The 1950 planting plan was fulfilled 85 percent, namely the state sector 119 percent, the cooperative sector 116 percent, and the private sector 65 percent.

The 1951 industrial production plan for Macedonia is 14.8 percent greater than in 1950. However, excluding the tobacco industry, it is 24.4 percent greater. The planned increase in the building industry in 1951 as compared to 1950 is 282.7 percent, in the chemical industry 130.7 percent, in the metal industry 142.8 percent, and in the textile industry 146.5 percent.

The 1951 production plan for the local economy is 22 percent greater than the realization in 1950. The realization of the republic industry plan in 1950 was 260 percent greater than the 1947 realization, while the 1951 plan is 293 percent greater than the realization in 1947. Thus far, the Five-Year Plan has been completed 88.3 percent.
